

# Papillon Scarf

By Number 19

Papillon is the French word for butterfly. For this scarf I used the butterfly stitch, where you crochet 3 rows of chains together with a single crochet. This gives a special effect, where the chains spread out mimicking butterfly wings.

The scarf is meant to be a decorative scarf, since the big holes will not give any warmth. The mercerized cotton gives a nice shine to the project and it is also thick enough, so the project works up fast:-) This would be a perfect gift, when you have to crochet something in a short period of time.

If this specific yarn is not available to you, you could substitute it with yarn that has some silk in it. Choose a yarn that is a little stiff and gives a good stitch definition.
